

**Iconic Africa:**  
**Tanzania, Victoria Falls, Botswana & South Africa**  
**March 15-27, 2026**  
**13 Days / 12 Nights**

Join us on an unforgettable adventure starting with a safari in the Serengeti National Park home to the Big Five, followed by a visit to Ngorongoro Crater – world’s largest intact volcanic caldera often considered a “natural zoo” due to the high concentration of animals in a confined space. Next, off to the 7<sup>th</sup> Natural Wonder of the world, Victoria Falls. It is the world’s largest sheet of falling water and a playground for thrilling activities such as whitewater rafting, bungee jumping, ziplining, ultralight flight, jet boating and skydiving, to name a few. But wait, we are not done with viewing the wild life - we will visit Botswana’s Chobe National Park for a game drive and a boat cruise along the Chobe River looking for elephants cooling off in the water, hippos lounging, and crocodiles along the banks. We will bid farewell to Zimbabwe while enjoying a cocktail on a relaxing sunset cruise. Our adventure continues to Cape Town where we will visit the iconic Table Mountain, the vibrant Bo-Kaap neighborhood, the charming colony of African penguins and a full day of wine tasting. The last day will be free to enjoy the coastal life, shop at the V&A waterfront, visit Robben Island or explore Kirstenboch Botanical gardens on your own before closing out this amazing Iconic Africa adventure with an immersive African dining experience. This is a trip you won’t want to miss!!!

UNESCO Heritage Sites: Serengeti National Park, Ngorongoro Crater, Victoria Falls, Chobe National Park and Table Mountain.
