

***Triton Bay & Raja Ampat,
Indonesia
Nov 27-Dec 8, 2024
(12 Days/11 Nights)***

Triton Bay is about 300 miles south of Raja Ampat and is a relatively new destination within the dive industry. Besides having its own endemic walking shark, the area is also known for its beaches, abundant coral reefs, dense marine life, and whale sharks. Raja Ampat holds the prestigious title as the most marine bio-diverse place on earth. These waters are home to the most colorful & pristine soft coral reefs, as well as a wide range of creatures from walking sharks, to mantas, and pygmy seahorses... just to name a few. Cruise in luxury and comfort as you explore dive sites truly fit for a King/Queen.
